

Bergen

Bergen combines the traditional values of wood craftsmanship with Scandinavian inspired design creating a range of furniture that is both durable and flexible.

Crafted in solid oak and veneered panels, the Bergen range includes flexible dining room tables, elegant chairs, sideboards, display cabinets and occasional tables allowing you to choose the combination that works best for your home.

At the heart of the Bergen range lies a number of clever combination units. Each combination features clever cupboard and drawer compartments, available in various sizes, alongside beautiful backlit glass shelving units.
